Today, the Supreme Court voted to strip citizens of their constitutional right to vote. This decision is a setback for voting rights and will disproportionately affect people of color, low-income people, veterans, and people with disabilities.

Supreme Court, in 5–4 Decision, Allows States to Purge Voters for Their Failure to Vote

The ruling will disproportionately disenfranchise low-income and minority voters.

If someone asked you to name female scientists from history, how many names come to mind? Unfortunately, it's a rare person, child or adult, who can name more than two or three female scientists — and, even in those instances, the same few names are usually mentioned time and again. For centuries, women have made important contributions to the sciences, but in many cases, it took far too long for their discoveries to be recognized — if they were acknowledged at all. In our blog post,...
