The newly established Next Generation committee at Local 1024 teamed up with the local's Women of Steel to plan a fundraiser for breast cancer awareness and research. Next Gen Sandra Johnson said the community service project was a challenge but it helped bring members together and learn valuable skills. "It was a success because it showed what is capable when we have a common goal and work together," she said. The Next Gen group is already planning this year's project and hopes it...

U.S., as well as Canada, will be hurt by Trump's tariffs on steel and aluminum, C.D Howe study finds Canada will sustain the most damage from U.S. tariffs on steel and aluminum, but jobs will be eliminated in the United States and gross domestic product in that country will be reduced. Those are among the conclusions of a study done by the C.D. Howe Institute on the 25-per-cent and 10-per-cent tariffs on steel and aluminum, respectively, that the United States has imposed on imports of the...
