President Trump's mission to Singapore to meet with North Korean leader Kim Jong-un is a truly historic moment with potential to dramatically reduce the threat of nuclear war. This is not a Republican or Democratic issue. It is an American issue. Every American should stand with President Trump and support his effort. Negotiations will not be easy and achieving denuclearization will be difficult and painstaking -- if it occurs at all. I trust that President Trump and Secretary of State Mike...

Next time you are driving on Schoenherr Road in Warren, if you happen to find yourself wondering what's about 60 feet below you, this photo will provide your answer. This is the Schoenherr Relief Drain, one of a series of large underground drains that primarily run under major roads in the portion of Macomb County south of M-59. These drains are what keeps basements from flooding, streets from becoming impassable in heavy rains and backyards from getting soggy. As with many of our major...

GREAT NEWS! I just received confirmation that I have secured the $12 million in federal funding necessary to complete the emergency dredge of Moriches Inlet. Additionally, my request to place the sand at Smith Point County Park to address beach erosion has been granted. The approval of funding for the emergency dredging of Moriches Inlet is great news for our coastal economy, commercial and recreational fishermen and all whose livelihoods rely on the vitality of our communities’ waterways.
