Smaller class sizes, training, fair pay and benefits, healthcare and safer work environments...what do you fight for? #RedforEd
“In an era when the rich just get richer while the poor seem to fall through the cracks, we need to come together and speak out for change—whether it’s smaller class sizes, training for educators, fair pay and benefits, healthcare or safer work environments.”

SBEA PRIDE Committee held their annual Pedals for Progress bike and sewing machine drive on June 10th. We collected $540.00, 66 bikes, and 4 sewing machines. Thanks to a grant from NJEA PRIDE in Public Education SBEA donated $1,500.00 to help offset the cost of shipping the bikes and sewing machines. Thank you to all that donated and volunteered! SB teachers and students processed bikes to compact them as much as possible to minimize damage during shipping. The bikes and sewing machines...

Ocean Explorations! The 5th graders took their field trip to Sandy Hook, and participated in activities sponsored by the NJ Sea Grant Consortium. An ocean beach walk for shell collecting started the day, and then seining for aquatic life, to study all that the bay has to offer, ended the terrific trip. The weather was perfect for a day at the beach, and perfect for hands on learning, as well!
It's because all of our students deserve an amazing public education. #IEAstronger

**IT'S BECAUSE...**

our teachers matter.
our support staff matter.
every child deserves to be noticed.
our students deserve the best education.
it's not just a 40-hour work week.
deCADES old technology just isn't cutting it.
we need safe schools now.
we deserve fair pay for our work.
we believe in our students' bright futures.
our schools should be fully funded.
our school buildings are falling apart.
exTRA-curriculars are important.

Say hello to some snow cones! The HEA shared our snow cone maker at Willow Grove's Field Day last week! A day full of fun is not complete without a sweet treat. The HEA is so happy to provide not only a terrific education for our Hackettstown students, but when it comes to fun, we are right there in the mix! Go Little Tigers!

"It's amazing, I love these guys, I hang out with these guys every day after practice. No matter what we're doing, we're always having fun together. It's amazing to have the outcome that we have this year," said Jacob Myer, senior pitcher, and first baseman.”

Won't YOU be my neighbor? On the episode when Mr. Rogers invited an African-American police officer, played by François Clemmons, to rest his feet in a wading pool on a hot day, he was in his own quiet, subtle way trying to model how we should treat each other. It's really the thing he's doing over and over with: Won't you be my neighbor? What he's asking is: How do we treat each other? What kind of neighborhood are we going to have? What are the rules by which we live in a society...

Teaching is not a part-time profession. Our public school educators work day and night during the school year, caring for the minds of tomorrow. And during the summer months, they're taking part in many hours of professional development, like our #NDUnited Educator Ethics course that is happening today and tomorrow in Bismarck, in order to become even better professionals. If you're a public educator or public employee, and are looking for high-quality professional development for credit,...

New Mexico has followed this horrific policy. Teachers know Teaching not Testing is the fix! #teachervoiceNM “My "evaluation guide" was about 30 pages long. It was rubric after rubric of things you had to hit during each and every classroom observation. Administrators who gave good evaluations were often harassed and penalized or replaced, because higher evaluations meant they had to pay those teachers more. Poor evaluations equaled a better bottom line. If you think I'm...

PEIA Public Hearing
June 11, 2018 (Monday)
6:30 p.m. at the Cultural Center in Charleston

Invited
Educators, service personnel, public employees, concerned citizens

The last public hearing for PEIA is being held June 11 at the Cultural Center. We need to attend this hearing and show support for fixing the problems in this program so our school and public employees have benefits that were promised to them.

THIS IS SERIOUS BUSINESS and it’s our last opportunity to speak out in this forum. Please mark your calendar and attend.

Many are gathering on the river side of the Capitol at 5:00 for a rally. We ask that you wear your RED for ED as a show of force in this matter. Please don’t assume others will attend so you don’t need to be there. It will take all of us to make a difference!

Please bring friends and family to support our efforts for a FIX to PEIA. Supporters from surrounding counties are encouraged to attend this last public meeting scheduled by the Task Force.
